

INDUSTRIAL & TECHNOLOGY INFORMATION

Lack of Industrial Technology Information in Sinhala & Tamil languages is a major problem in the SME sector in Sri Lanka.

In an effort to find remedies for this problem IDB launched a programme with financial collaboration of Information Communication Technology Agency (ICTA) to translate 2000 pages of selected Industrial Technology Information into Sinhala & Tamil languages.

As a result now we are in a capacity to provide following Industrial Technology Information at Center for Industrial Technology Information Services (CITIS), IDB

For more inquires:

Librarian Tel: 011-2605323 Ext 123

Main Category	Sub Category	Medium	
		Sinhala	Tamil
Agro Industry	Brown and par boil rice	*	
	Coal briquettes from agro wastes	*	*
	Herbal tea	*	*
	Manufacture of Essential Oil	*	
	Manufacture of ginger oil	*	*
	Mechanical Method for Tamarind Pulp	*	*
	Poultry and Kettle Feed	*	
	Products & uses of Ginger	*	
Building Materials	Law Cost Roofing Sheets	*	*
	Micro concrete roofing tile Production	*	
	Pulp cement board	*	
	Technical notes on bricks construction		*
	Terrazzo processing	*	*
	Tile (Floor & wall cement presses) manufacture	*	*
	Tile ,stone & grout sealer	*	
	Using agricultural wastes in the Building industry		*

Chemical

Adhesive based on Vinyl acetate	*	
Adhesives	*	
Bleaching Powder	*	
Camphor	*	*
Camphor Preparations		*
Candles making techniques	*	*
Candles Technology	*	*
Cashew Nut Shell Liquid	*	
Cleaning Preparation technology	*	*
Cutting Oils	*	
Disinfectant Technology	*	
Disinfectants	*	
Eau De Cologne	*	*
Formulation and compounding of lubricant	*	
Gasket Shellac Compound	*	
Grease	*	
Hair oil & hair lotions	*	*
Hair washes & shampoos	*	
Herbal liquid and paste detergent	*	
Ink	*	
Ink making		*
Interior paint for plaster & wall board	*	
Introduction to thinner	*	
Laundry Blue		*
Laundry blue processing	*	*
Leather chemicals	*	*
Liquid detergents	*	*
Lubricant oil, Grasses & Petroleum Specialty	*	
Machinery and Equipment for soap & detergent industry	*	
Match Box & Fire Works	*	
Medicated soap	*	
Molding Clay	*	
Naphthalene ball		*
Naphthalene Moth balls	*	
Paints, Varnishes and Lacquers Technology	*	
Paraffin wax	*	
Pencil Making Industry	*	*
Plaster of paris	*	
Polish Making Technology	*	
Polishes for Automobiles	*	
Poster of water colours	*	
PVC Adhesive Tape	*	
Sealing wax	*	

	Silica gel	*	
	Soap making	*	
	Soap Powder	*	*
	Soaps, Washing powder and Detergents	*	*
	Synthetic Detergent Powder	*	*
	Synthetic detergent powder spray drying process	*	*
	Thinner	*	
	Tooth paste	*	
	Treatment of cashew nut shell liquid	*	
	Turpentine	*	
	Varnish technology	*	
	Water colours	*	
	Wax Crayons	*	
Cosmetics	After Shave preparations	*	*
	Cosmetics - Lipsticks	*	*
	Cosmetics for the nail	*	*
	Cream and lotions	*	*
	Eye makeup technology	*	*
	Hair conditioners	*	
	Herbal Extraction	*	
	Herbal cosmetics for the skin	*	
	Perfumes and essence technology		*
	Plant and equipment for herbal extraction	*	
	Preservation of cosmetics	*	*
	Shampoos	*	
	Shaving soap & cream	*	
	-	-	
Fiber Products	Bristle or Coco Fiber	*	*
	Coir Pith and its Significance		*
	Compositing of Coir Pitch	*	*
	Dying coconut fiber	*	
	Extraction and industrial use of banana fiber	*
