i. Acknowledgement	
ii. Word of thanks	
iii. Introduction	
1. Post Harvest Handling of Fruits and Vegetables	01
2. Commercial Methods of Preservation of Fruits & Vegetables	04
2.1 Canning of Fruits & Vegetables	04
2.2 Freezing of Fruits & Vegetables	15
2.3 Dehydration of Fruits & Vegetables	16
2.4 Brining	24
2.5 Other Methods of Fruit & Vegetable Processing	25
2.5.1 Jellies	25
2.5.2 Preserves and Jams	27
2.5.3 Candied Fruit	29
2.5.4 Pickled Fruit / Vegetable	31
2.5.5 Sauces	33
2.5.6 Chutneys	37
2.5.7 Marmalades	39
2.5.8 Fruit Butters	41
2.5.9 Ready to Drink Fruit Beverages	43
2.5.10 Purees	46
2.5.11 Concentrated Fruit Juice	46
2.5.12 Wines	48
2.5.13 Chemical Preservation of Fruit Juices/Pulps	49
2.5.14 By - Products	50
3.	
3.1 Quality Control in Fruit & Vegetable Industry	51
3.2 Present Legislation on Food	58
4. Technological Development in Fruit & Vegetable Processing	60
5. Equipment & Machinery Required for Small & Medium Scale Industries	62
5.1 Canning Equipment	62
5.2 Freezing Equipment	63
5.3 Liquid and Solid Filling Equipment	63
5.4 Dryers	65
5.5 Miscellaneous Food Handling Machines	66
6. World Market Prospects for Tropical Fruit Juices and Pulps	67
